

UPCOMING EVENTS

- **FAFSA Workshop**
November 16, 2021
3:00 pm - 4:00 pm
RSVP

Fun Fact

To increase your Oxytocin levels pet a dog/cat, give somebody a hug, or cook for a loved one.

Reminders

- Incoming students, please meet with your mentor twice per quarter
- WI22 Classes and appointment times are now available!
- If you haven't already picked up a quilt, or a journal, please stop by Keisa's office in Oasis

Student Highlight:

Abby is a marine biology major who loves music and getting to know people. She has a bubbly and outgoing personality and she tends to see the good in different circumstances. She's also a first-year student who asks questions (asked about Hope Scholar commitments, workshops, events, etc.) and wants to make the most of the Hope Scholars program. She really wants to get to know the other new students in Hope Scholars, as well as continuing. She loves older music from the 60s and 70s and that has been largely influenced by her grandparents. Abby is a pleasure to work with because she is intentional in the space and willing to be vulnerable to express herself! - Liza Cole

Things to look forward to!

- Couch Conversation Series will start Winter Quarter: More Details TBD. What is a Couch Conversation? Peer-led, conversations that cover various topics that are important to our population.
- Mentor office hours will start Winter Quarter: More details TBD
